As Officer Creel approached J-1 building, A 2-17, cell he found Offender Cook, Charles #1457546, unresponsive in his cell. Officer Creel attempted to wake Offender Cook, but was unsuccessful. Officer Creel initiated ICS, calling for a supervisor, additional staff, and medical. Upon arrival of additional staff, life saving techniques was started. At 0445 hours, Justice of the Peace Tony Johnson pronounced the time of death. Offender Cook's temperature was 107.9. Additionally, the wing temperature was 88.5. Offender Cook was on psychotropic medications and did not have a commissary fan.

The family of Offender Cook could not be located and the remains were removed by Carnes Funeral Home at approximately 0955 hours on August 8, 2011.

An investigation into the offender death on the Hodge Unit on August 8, 2011, yielded nothing to suggest that employee action / inaction was a contributing factor in this incident. All staff actions in this incident were in accordance with agency policy and procedures. The following precautions are taken on the Skyview/Hodge complex to minimize heat related illnesses: air flow is monitored, all ventilation fans in the area were functioning properly, offenders are allowed to wear commissary shorts and t-shirts in the housing area, ice water is placed in the housing areas throughout the day and staff and offenders are trained on heat awareness and precautions in accordance with AD 10.54, Temperature Extremes in the Workplace.

No further review or action is necessary at this time.
